

La Brune

WINE OF SOUTH AFRICA

Tasting Notes

Wine introduces itself to you with beautiful clean and pure red fruit. Typical of all great Pinot Noirs, it is perfumed – revealing the essence of the wine. The wine pulls you in with complexities of truffles and the aroma of a Burgundian forest at the top of a village. It makes you dream, recalling voyages...

The journey continues on the palate which is packed with freshness. The palate is pure, clean and in balance. The red fruit lingers and the complexities of aging in barrel and bottle come to the fore. The structure is tight and elegant.

The wine feels alive and tells that there is more to come. It is refreshing and energetic, and will make you thirsty. A trifle hesitant at first, but will open up with glass number two. Its secrets will be revealed as the bottle runs dry.
